

concept  
**wiesner hager**

point

Rich in detail.

Optional.

**point adapts to user needs.**  
Synchronic adjustment of depth of seat and height of the backrest by means of only one button via a diagonal telescopic rod. Therefore, the size of the swivel chair ideally adapts to the user.

**Pleasantly soft.**  
Foamed polyurethane arms to ensure soft arm support. The height of the arms can be adjusted individually at the push of a button – independent from synchronic size adjustment.

**Prestigious.**  
Padded neckrest for swivel chairs with high backs.

**Dynamic sitting.**  
Synchronic inclination mechanism with tension spring adjustment to ensure optimum support of the body in every sitting position.

**Stacking.**  
The cantilever chair is stackable to a stack size of four chairs.

Swivel chair	Swivel chair (optional arms)	Swivel chair (optional arms)	Swivel chair (optional arms)	Cantilever chair
5420-101 seat upholstered, back with black mesh 5420-102 seat and inner back upholstered W 670 / D 670 / SH 390-510 H 910-1120	5420-101 seat upholstered, back with black mesh 5420-102 seat and inner back upholstered W 670 / D 670 / SH 390-510 H 910-1120	5423-101 seat upholstered, back with black mesh 5423-102 seat and inner back upholstered W 670 / D 670 / SH 390-510 H 1020-1233	5425-101 seat and neckrest upholstered, back with black mesh 5425-102 seat, inner back and neckrest upholstered W 670 / D 670 / SH 390-510 H 1130-1340	6240-101 seat upholstered, mesh back 6240-102 seat and inner back upholstered W 537 / D 600 / SH 470 / H 890 / ARH 660

W= width, D = depth, SH = seat height, H = total height, ARH = armrest height, dimensions in mm.

**Features:**

**Swivel chairs**

Powder-coated aluminium five-star swivel base. Braked dual castors with hard running surface. Aluminium armrest support and backrest profile, powder-coated backrest frame. Black plastic operating elements. Functions: patented synchronic adjustment of depth of seat and height of backrest; height adjustable arms; synchronic mechanism with tension spring adjustment, can be fixed in several positions. Seat height adjustable with gas lift acc. to DIN 4550, depth suspension.

Available for a surcharge:  
synchroflex mechanism – seat can be tipped forward 3 degrees.

**Stackable cantilever**

Precision tubular steel frame, aluminium backrest profile on the sides, arms black synthetic covering, plastic glides. Powder-coated metal surfaces. Optional: chromed frame.

The office chair series *point* combines well-engineered ergonomics with distinctive and unique shaping. Most striking feature: the light transparent netting of the backrest, shaped like a tight sail. A form conveying harmony and lightness. *point* offers an excellent quality of seating through its patented synchronic adjustment of the depth of seat and height of the backrest. Due to

these features the size of the swivel chair can be easily and exactly adjusted to fit the body size of the user. The integral synchronic mechanism with tension spring adjustment supports and stimulates dynamic sitting. The *point* office chair series is completed by a stackable cantilever chair.
